

Dear all,

Firstly, I hope everyone is safe and well coping in these difficult and unprecedented times we find ourselves in at the moment.

As a club we are taking all measures necessary to ensure that we are abiding by and in line with current government guidelines of the lockdown. We are as I'm sure everyone is, waiting for any new developments regarding the easing of lockdown. Be assured that once things do return to some form of normality, we will be abiding to whatever guidance is issued to keep as safe as possible within any activities we may be able to put on this year (fingers crossed).

At the moment all events are cancelled until there are any changes in guidelines. We will then need to consider on an event by event basis if each can be run ensuring foremost the safety and well being of all our members and helpers.

I do hope during this time you can exercise your horses and ponies in one way or another just to keep them ticking along.

Many thanks and stay safe,

Darren Wall

Chairman
